Project Sheet for:

## **Central Fellowship Church**

### **Equipment**

1. PreSonus StudioLive 24.4.2 24 channel digital mixing console
2. QSC ADS282H dual 8" high power speakers
3. JBL JRX112M floor monitors
4. QSC PLX3120 power amplifier
5. QSC GX5 power amplifier
6. Audio Technica 3000 series wireless microphone systems
7. Audio Technica AEW series antenna distribution systems
8. Furman power conditioners
9. Custom made wood desk
10. Materials for installation including hardware, cable and connectors

### **Scope of Work**

1. Designed system for the church based on dimensions of the sanctuary, needs of the service and shortcomings of existing system as well as budgetary constraints.
2. Removed existing speakers and replaced them with QSC ADS282s. Tremendous improvement with consistent coverage and clarity across the sanctuary. Included a delay line for last few pews for support.
3. Added JBL floor monitors for choir and special music performers.
4. Added multiple wireless microphone systems to eliminate cluttered wired mics and offer much more flexibility in the service.
5. Replaced cable and connectors as needed.

### **Total Project Cost**

\$17,000.00
