

If it can't be heard, it can't be Good!

Project Sheet for:

Maplewood Presbyterian Church

Equipment

1. Allen and Heath 20 channel analog mixing console
2. Electro-Voice ZX1 series speakers
3. Audio Technica 3000 series microphone systems
4. Audio Technica AEW series antenna distribution systems
5. ProCo 20x4 audio snake
6. Denon DN-F650R Solid State Recorder
7. Numark CDN22 MK5 dual CD player
8. DBX 2231 dual channel 31-band equalizer
9. Samson Live612 powered monitor
10. Raxxess ERT roll top desk
11. Materials for installation including hardware, wall plates, cable and connectors

Scope of Work

1. Designed system for the church based on dimensions of the sanctuary, needs of the service and shortcomings of existing system as well as budgetary constraints.
2. Replaced existing speakers and relocated with EV ZX1 series to provide better coverage and clarity across the sanctuary.
3. Replaced existing mixing console with new Allen and Heath mixing console. Provided more channels, better quality mic pres as well as more function and control over bussing.
4. Added multiple wireless microphone systems to provide better quality and flexibility in the service.
5. Added Denon solid state recorder to record services for outreach.
6. Added Numark CD player for better quality and more function and control.
7. Added Samson powered monitor to replace existing monitor situation which was ineffective.
8. Replaced cable and connectors as needed.
9. Tuned entire system.
10. Returned for service checkup and general maintenance.

Total Project Cost

\$17,000.00
